

Smart sorting

Mrs. Maneli is teaching Lerato and her friends how to sort. Help Lerato sort the shapes by their colour and their number of sides. The first one has been done for you.

Number of faces

Colour:	Less than six faces:	Six or more faces:
Blue	Sphere	
Yellow		

Space and Shape

Describes, sorts and compares 3-D objects in terms of colour.

CAPS
Grade 1 Term 1

Everyday objects are 3-D objects

Lerato wants to play a game with the monkeys. She learnt about different types of 3-D objects. The **sphere**, the **cube** and the **rectangular prism**.

Lerato now wants to know if you and the monkeys can find objects in the classroom that look like these.

Draw 3-D objects from the classroom below in the correct column, below. One has been done for you.

Sphere 	Cube 	Rectangular prism 
 Tennis ball
