

Message on a card

Baby Cow was not feeling very well this week so Lerato decided to write her a 'get well' card to cheer her up. Lerato would also like you to write a card for Baby Cow as she knows how Baby Cow would love that. Your message does not need to be long, just a sentence or two. Write Baby Cow a nice message to make her feel better. Remember to write your name at the end of the card. Lerato wrote the start of the card for you.

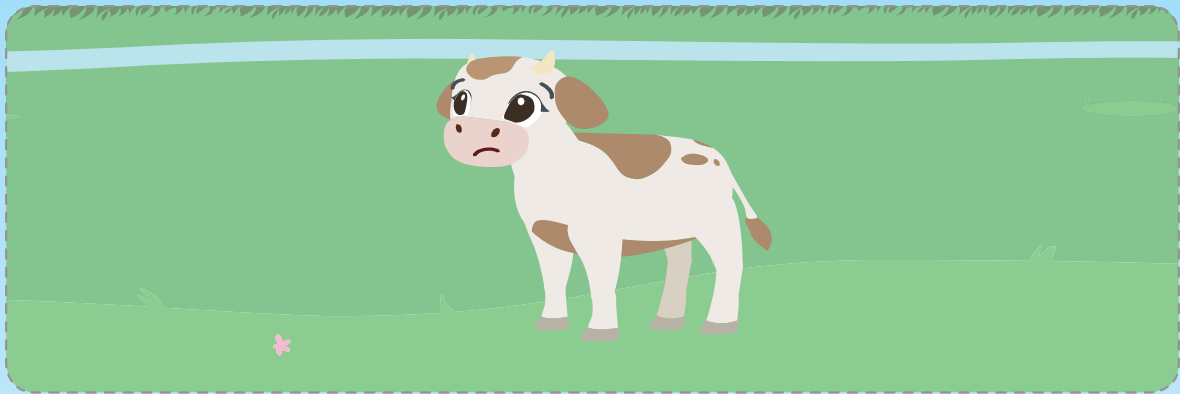

Remember to write neatly and to use the correct letter formation.

Dear Baby Cow

I hope you are feeling better. We all miss you.

Love
Lerato

Dear Baby Cow

Note the important features of a card. Start with **Dear** and then write a short message of one or two short sentences. Finish with **Love** or **From** and then your name.

Writing

Writes a message on a card such as a 'get well card'.
