

Counting

The monkey has been very naughty and taken numbers. Help Lerato put the numbers in the correct order. Use the questions that Lerato is asking to help you. The first one has been done for you.

Are the numbers getting bigger or smaller? By how much are they getting bigger or smaller each time?

482; 480; 478;	476;	474;	472;	470;	468;	466
214; 224;				264;		
318; 321; 324;						
450; 440;						
102; 100;					90;	
305; 310;						345
102; 105; 108;						
495; 490; 485;						
120; 124; 128;				140;		
390; 387;				375;		366
208; 212; 216;						
428; 418;						

Numbers, Operations and Relationships

Counts forwards and backwards in 10s, 5s, 2s, 3s, 4s between 0 and 500.

CAPS
Grade 3 Term 2

My name is Lerato! This is more tricky than the previous activity. See if you can help me! You need to find out what the difference is between the numbers and how best to fill the spaces.

Gogo showed Lerato one example. The clue is that all numbers end in tens. Therefore start counting in your head and then see if the numbers match up.

Counting in 10s – 210; 220; 230; 240.

200; **210**; **220**; **230**; 240; **250**; **260**; **270**; **280**; 290

Now help Lerato do these:

445; ; ; ; 465; ; ; ; ; 490

312; ; ; 306; 304; ; ; ; ; ;

117; ; ; 126; ; ; 135; ; ; ;

243; ; ; 249; ; ; ; ; ; 301;

300; ; ; ; 320; ; ; ; ; 345;

500; ; ; ; ; 450; ; ; ; ;

321; ; 327; ; ; ; ; ; ; ;

124; ; ; 136; ; ; ; ; 156; ;

456; ; ; 464; ; ; ; ; ; ;

190; ; ; ; 150; ; ; ; ; ;

400; ; ; ; ; 380; ; ; ; ;

345; ; ; ; 365; ; ; ; ; ;

120; ; 140; ; ; ; ; ; ; ;

303; ; ; ; ; 318; ; ; ; ;
