

Name 3-D objects

- a** Do you remember these 3-D objects?
See if you can help Lerato match the object to the clue to the name.

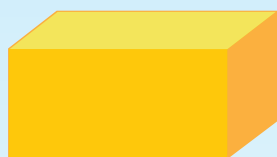

I have no corners.
I have no straight sides.

cuboid

All my sides are the same size. I have 8 corners.

sphere

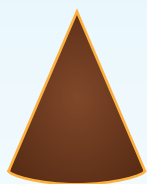

I am long, tall and curved.
I have two flat sides.

cube

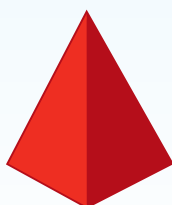

I am stretched out. I only have two short sides, all my others are long.

cone

I have five points, with a square bottom and triangular sides.

cylinder

I have one sharp point and I can roll, but I have a flat bottom.

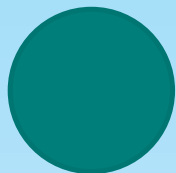

pyramid

Remember these 3-D objects?

cube

sphere

cuboid

cone

pyramid
