

Ordinal numbers

Lerato and her classmates have just finished running a cross country race. Follow the instructions to find out what the finishing order was.

- a Fill in the missing place names and numbers to twelfth place. First and second have been done for you.
- b Colour in the shorts of the person who came fifth green.
- c Seventh and Eighth places went to best friends Thato and Tanya. Colour their shorts blue.
- d John wore a yellow shirt and came 3rd.
- e First was Dawie. He had a red shirt. Carmilla came second with a purple shirt. Colour them in.
- f The twins Ziyanda and Yolanda have blue shorts. They came 4th and 6th.
- g How many runners were in the race?
- h What place number would the last runner have?
- i **Challenge:** if Lerato came in after Ziyanda and before Yolanda, what was her place number?

Numbers, Operations and Relationships

Uses, reads and writes ordinal numbers, including abbreviated form up to 31st.
