

Verbs

Verbs are words that name **actions**. Verbs tell us what someone or something is doing. Every sentence must have at least one verb.

Lerato visits a farm and sees many animals while she is there. Use the verbs in the word well to help Lerato name the action that each animal does. Name each animal. The first one has been done for you.

Word well

barks

bleats

bray

hoots

honks

clucks

neighs

gobbles

moos

grunts

quacks

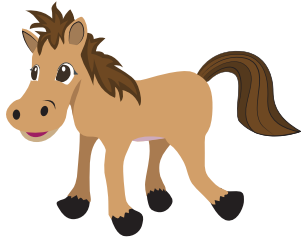

hiss

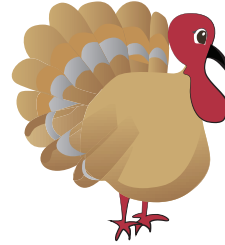

kitten

purrs
