

Find your way with a mind map

CAPS Statement

Writing & presenting

Make a mind map summary of a short information text:

- Draws/completes and labels visuals, e.g. charts/tables/ diagrams/ mind-maps/ maps/ pictures

Uses information from a written or visual text:

- Identifies at least three main points
- Uses key words
- Includes specific details
- Uses appropriate vocabulary

Note

A **mind map** is a diagram / drawing used to show information more easily. It also helps show the relationship between different pieces of information.

How will your writing be different and stand out from all the others? Think of interesting vocabulary.

Activity 1

This should be an easy mind map to complete because you know the subject well – it is YOU! Fill in the details under these headings:

- ① Personal information:
Your full name, date of birth, where you were born.
- ② Your family and neighbours:
Names of your brothers and sisters; your caregivers, parents, grandparents, neighbours, and friends.
- ③ School:
Different schools you have attended. Who are your friends? What are your favourite subjects?
- ④ Outside interests:
What you like doing in the afternoons after school? What are your hobbies and sports? What are your likes and dislikes (food, music, clothes, games, films)?
- ⑤ Future plans:
What you want to do in the future? What job would you like to have?

Teacher Tip

Learners with learning challenges might find it easier to work on the mind map in pairs or as part of a group.
