QUESTION 1

- 1.1 Read the article below and answer the questions that follow.

ENVIRONMENTAL DEGRADATION

A United Nations panel on an International Strategy for Disaster Reduction defines environmental degradation as 'the reduction of the capacity of the environment to meet social and ecological objectives, and needs'. There are many types of environmental degradation. When natural habitats are destroyed or natural resources are depleted, the environment is degraded.

QUESTION 3

- 3.1 Read the extract below and answer the questions that follow.

The theory of evolution asserts that humans have evolved from a common primate ancestor with apes. The theory proposes that all life evolved from primitive forms and continues to adapt and evolve. While evolution does not directly refute religious ideas about creation, it is clear that it offers no explanation of creation as part of a divine plan.

[Adapted from *Shuters Top Class Religion Studies, Grade 12*]

- 3.1.1 Critically evaluate the response of Abrahamic religions to the theory of evolution. (12)
- 3.1.2 Explain the response of Hinduism to the theory of evolution. (12)
